FACIAL PEEL

Gentle buffing of the skin during daily cleansing. Safe to use morning & night. Releases dead/dry skin at the surface of the skin. Removes impurities 80% more effectively than cleansing by hand.

Tiny aluminum-oxide crystals exfoliate away the top layer of dull dry skin, cleaning out pores and decreasing their appearance. Safe to use 2-3 treatments a week.

Glycolic acid gently dissolves multiple layers of dead/dry skin, revealing brighter, softer & smoother fresh skin. No physical peeling will occur. Safe to use 2-3 treatments a week.

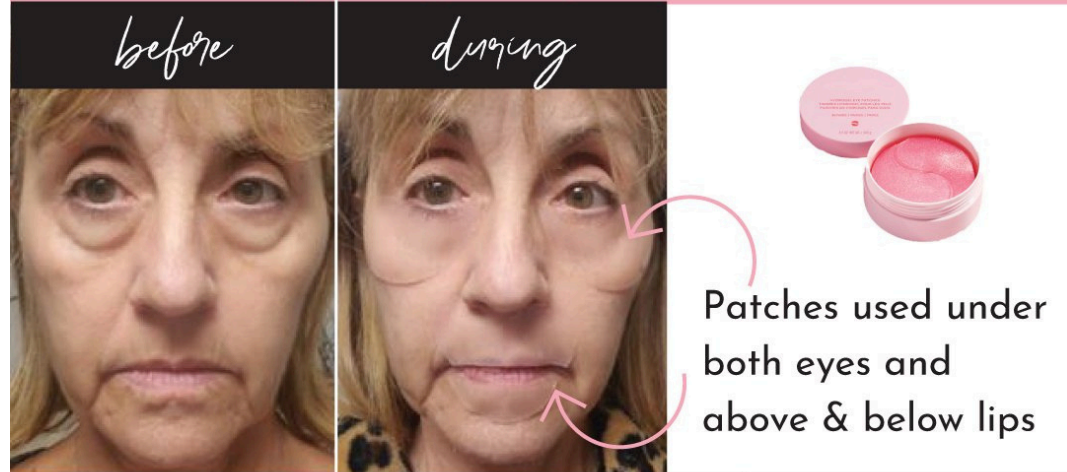

BENEFITS OF Exfoliating:

1. Improves skin texture
2. Reduces appearance of fine lines
3. Opens blocked pores and reduces appearance of large pores
4. Better absorption of skincare products
5. Reduces chances of acne formation
